#### [Opening i-Launcher]

- Windows OS : Start  $\rightarrow$  All Programs  $\rightarrow$  Samsung  $\rightarrow$  i-Launcher
- Mac OS : Applications  $\rightarrow$  Samsung  $\rightarrow$  i-Launcher

## Installing i-Launcher using NX mini

- 1. Turn off the camera.
- 2. Connect the camera to your computer with the USB cable.

- m 
  m 
  m I ullet Before installing the program, ensure that the PC is connected to a network.
  - You must plug the small end of the USB cable into your camera. If the cable is reversed, it may damage your files. The manufacturer is not responsible for any loss of data.
- 3. Turn on the camera.
- 4. When the pop-up window prompts you to install i-Launcher, select Yes.
  - If a pop-up window prompting you to run iLinker.exe appears, run it first.
  - When you connect the camera to a computer with i-Launcher installed, the program will launch automatically.
- 5. Follow the on-screen instructions to complete the installation.
  - An i-Launcher shortcut will appear on the computer.

#### [Opening i-Launcher]

- Windows OS : Start  $\rightarrow$  All Programs  $\rightarrow$  Samsung  $\rightarrow$  i-Launcher
- Mac OS : Applications → Samsung → i-Launcher
